### **Why do we celebrate Passover?**

The Father YAHUAH tells us that we need to guard HIS Pecach between us and our children as a Law forever. He tells us that we need to tell our children what this means and it is a reminder of how YAHUAH smote the Mitsrites when our forefathers were slaves in Mitsrayim and delivered them. Pecach is a reminder of what Abba YAHUAH did for Yisra'el which was to break the yoke of 400 years of bondage and slavery. [Shemot 12:24, 26-28](#) (Exodus).

**When actually is PASSOVER/PECACH, is it the 14<sup>th</sup> day during the day time, maybe just during that night, or all day the 15<sup>th</sup> too?**

On the 14th day of the month **at the going down of the sun** is the Passover to YAHUAH, slaughter the lamb during the night of the 14th, at the going down of the sun at the end of the 14th's day time light period, eat it at that time, don't let any remain because in the morning all Yisra'el were told to go back to their tents being that it was now at that time on the 15th day which is was actually the next feast all day. In the evening on the 14th day at the going down of the sun that time period alone is and was the Passover and not the next full day. On the 15th day Yisra'el went out of Mitsrayim which the Scriptures call's the Morrow of the Passover i.e. that next day in the morning. [Vayiqra 23:4-6](#) (Leviticus); [Devariym 16:5-8](#) (Deuteronomy); [Shemot 12:6, 10, 22, 29-31; 34:25](#) (Exodus); [Bemidbar 33:3; 28:16-17](#) (Numbers)

**Our Lamb, Renewing the Covenant, Doing This in Remembrance of Him, Proclaiming His Death till He Comes**

The Mashiach and his taught ones ate the Pecach on 13 Aviyy after sunset, then in the garden, was roughed up overnight at which time the cock crowed 3 times announcing the sunrise of that next day the 14<sup>th</sup>, Mashiach died on 14 Aviyy during the day, they then took His body off the stake that same day itself to avoid having his body on the stake on the next day 15 Aviyy which was the Feast of Matstsah, a High Shabbat.
